

INTENZIONI SONORE POP MUSIC

keyboard, guitar (acoustic / electric), vocal, drums
group or individual courses with international certification
for children, boys and teenagers

From the classical training, from the many years of experience in teaching for children, from the long collaboration with the Yamaha international methodology, dedicated to research and continuous training for passion and professionalism, driven by the instinct to always look at the quality of the proposals, Intenzioni Sonore Pop Music is born, division of the school expressly **dedicated to the world of pop and rock**, accessible to children and teenagers, with specific courses by age, which give access to international certifications.

INTENZIONI SONORE POP MUSIC offers children and teenagers the most appropriate approaches in order to face the different genres and musical styles with the most concrete preparation and competence.

OBJECTIVES

Music as a native language and in more detail:

- develop fundamental musical skills
- learn to play your favorite instrument
- learn to play in a group
- experience different musical genres
- use of IT systems
- writing and reading music
- composition and arrangement

MATTER

- Repertoire pieces
- Warm Up Exercises
- Chord study
- IT functions
- Reading music
- Ensemble music
- Composition and arrangement

CONDUCT

Collective lessons in small groups, to use the potential of working together, giving space to individual needs.

Extremely accurate and effective personal teaching material.

Strictly selected and trained teachers, in possession of certified and internationally recognized requirements.

The courses are differentiated by age, starting from 8/9 years, with 30 annual lessons every week lasting one hour.

Depending on the level and / or personal needs, the lessons can be carried out individually with lessons of 30/45/60 minutes.
